2009 CTAA Conference

The 2009 Conference is being held at the Delta Beausejour, in Moncton, New Brunswick, November 14-18, 2009.

The Delta Beausejour

The program planned for this year should be most interesting and thought provoking. The Canadian Technical Asphalt Association exists for these conferences and the Proceedings generated therefrom. The Local Arrangements Committee has been planning the entire program for over two years and look forward to entertaining a large number of existing members, new members and guests. Please support your Association by attending the 2009 Conference in

Moncton, New Brunswick. Check our website at www.ctaa.ca and click on Conference for conference news and updates.

WEB SITE AND MAILOUTS

The web site is being continually updated and if any members have some comment, pro or con, please discuss with one of the Board members. As noted in the July newsletter it is intended that most of the information now sent to members will be sent electronically and we want to make sure that we have correct email addresses. The conference booklet and the Proceedings include the latest email addresses so please check and if corrections are necessary advise Head Office. Rest assured that those who do not have email addresses will receive their packages via post.

SHORT COURSE

The Association is again conducting a course on Saturday, November 14 at the Delta Beausejour Hotel entitled "*An Introduction Emulsified Asphalts*". Keith Davidson of McAsphalt Industries Limited and Blaine Morien of Pounder Emulsions, a division of Husky Oil Limited, will be presenting the course which is targeted to individuals who specify, use, or test emulsified asphalts.

The course will run from 1:00 p.m. to 4:30 p.m. (includes coffee break) and the course fee is \$60.00.

For those interested in participating, please note that the conference registration form includes a line item.

Registration is limited so please register early.

CALL FOR PAPERS 2010

You will note that we have included a "Call for Papers" for the 2010 Conference with the Newsletter mailed out and have referred to same for those receiving the Newsletter electronically. We hope that by keeping this request front and centre authors will seriously consider committing to our program next year.

The submission of abstracts seems to be coming in later each year making it difficult to both assemble a suitable program and allow sufficient time for authors to prepare and submit their papers to the Editor by the required date. Your cooperation is certainly appreciated by the Board, the Technical Program Committee and the Editor.

IMPORTANT DATES

Abstract Submission	February 15, 2010
Notification of Abstract Status	March 5, 2010
Full Paper Submitted to Program Committee	May 28, 2010

See you in Moncton!
