## MEMBERSHIPS AND RELATED ACTIVITIES

- Member, Engineers Nova Scotia
- Member, CTAA

## REASONS I WANT TO BE A DIRECTOR

I am thrilled to have the opportunity to run for the CTAA Board and represent the Atlantic region. CTAA offers a unique platform to share knowledge, present innovative research, and network with colleagues in the asphalt industry. When presented with this opportunity I reflected on my first CTAA conference and the technical and professional experiences I gained. Joining the Board would further these experiences and allow me to contribute some of the knowledge I have acquired relating to asphalt technologies and performance-based asphalt testing. It would be a privilege to represent the Atlantic region and continue to promote forward thinking and the core values of the Association within our industry.
