

# Board Member Nominee Bio

BRANDON MACDONALD, PROFESSIONAL ENGINEER (PEGNL)

## EDUCATION

Bachelor of Engineering (B.Eng.), Civil Engineering. Memorial University of Newfoundland

## CAREER

Having held a variety of roles in the construction industry, including CEO of a heavy civil construction firm, Director of Highway Design and Construction for Newfoundland and Labrador and City Engineer for a municipality, Brandon has developed an acute awareness of the challenges that exist in both owning and building public and private infrastructure.

Brandon is a licensed professional engineer holding a degree in civil engineering from Memorial University of Newfoundland. He has volunteered his time on the boards of the Newfoundland and Labrador Construction Association (NLCA), the Canadian Technical Asphalt Association (CTAA) and the asphalt user producer group of the Heavy Civil Association of Newfoundland and Labrador. In addition, he is a past member of the Transportation Association of Canada (TAC) national standing committee for geometric design of highways and is currently a member of the Civil National Advisory Committee for the Canadian Construction Association (CCA).

## WHY I AM RUNNING FOR 2<sup>ND</sup> VICE PRESIDENT

As the Vice President of Strategy and Growth for a large pan-Canadian general contractor, Brandon works to promote and expand its construction business in key geographic and market sectors while also helping to foster a growing focus on positive Indigenous relationships.

Brandon is always eager to volunteer his time with the CTAA and contribute to an organization that excels in knowledge transfer and promotes a strong network of industry professionals.
