

## **2024 Accompanying Guest Program**

The accompanying guest program planning is well underway and will include crafts, brews, and a little shopping.

Following Breakfast on Monday we will start with an Edmonton Mural Tour – with many Instagram opportunities, and a stop for coffee in between murals. The Woodrack Café is a home away from home that came to life on a girls' kayak weekend. The café serves awesome coffee and wonderful tea.

Lunch will then be an experience at the Brew and Bloom Café, an award-winning women led business redefining dining with flowers. The lunch is an experience where they incorporate florals in all aspects of their business.

On Tuesday we will be at a year around Garden Centre that is a destination where you can discover something different every season. We will take the time to enjoy the centre, do a craft, and have the opportunity to do some shopping at their local vendors' shop.

Lunch will be at Strathcona's first locally owned brewery, a personal favorite. We will be trying to pair this with a local chocolatier who gets her inspirations from around the world.

Wednesday we will try our hands at Christmas card making prior to joining the delegates at the Robert Noble Awards Luncheon.

The accompanying guest program includes the Welcome reception Sunday evening, Breakfast and Lunch (M-T-W) and the Tuesday evening banquet and nightly hospitality suites.

I look forward to welcoming you to Edmonton!
